Best practices of the institution

1. Title of the practice: Installation of Suggestion Box

The context that required the initiation of the practice

Feedback and suggestions of various stakeholders were required to improve teaching – learning and governance of the college.

Objectives of the practice

To collect feedback and suggestions from students, staff, parents, visitors to the college. This helps to chalk out the development plan of the college and ensure transparency in students complaints.

The Practice

It motivates students and staff members to articulate their suggestions, comments and complaints anonymously or alone with their names too. It also helps to improve communication, critical thinking   and skills. It enhances their problem solving capacity and as if focuses more on suggestions than less on problems of students.

Obstacles faced if any and strategies adopted to overcome them

1. No obstacles were faced while adopting this practice.

2. The language barrier, is one of the main the main reasons for the reluctance or lack of participation on the part of students.

4 .some students don't take it seriously.

 Impact of the practice

Morale boost

Better communication
