(Dr.) Prof. Amandeep Kaur
Principal

Annual Report (2020- 2021)

Vision of the institute:

To make Government College Dera Bassi a quality zone by imparting quality education at all levels to produce 'children of substance' who can face challenges of globalization in the 21 st century.

Mission of the Institute

Mission of create young minds with the sense to self evaluative accountability chisel them in the socially responsible, morally up-right innovative citizens who can contribute constructively to the task of nation building.

Objectives of the Institute:

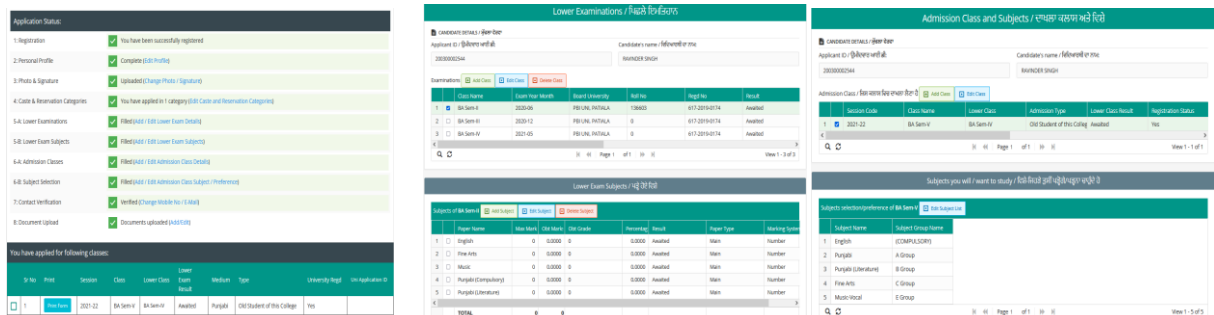

To ensure the holistic development of the students, so that they can contribute toward nation building

Location of the Institute:

Government College Derabassi situated at a distance of 700 meters from Chandigarh-Ambala road and surrounded by lush forest and natural environment. It started working on 15th January, 1975 with the efforts of the then local MLA and Finance Minister Shri Hans Raj Sharma ji in the premises of the primary school building of Derabassi town. In the first year only 126 students got admission in the college. On 7 February 1984, the college shifted to its present building. Established in a natural environment like Shanti Niketan, this college has been setting goals for development since the last 43 years and has become an important institution meeting the needs of higher education in this area adjacent to Haryana and Puadh area of Punjab. Along with. it is also providing a new direction in the social, cultural and economic fields and has emerged as a beacon of light to provide consciousness in surrounding rural areas. In view of the achievements and facilities of this institution, NAAC awarded B+" grade to it. in February 2004 and "B" grade in February 2016.

Earlier the college had partial online admission process in which only applications were received online. But this year due to Covid-19 as per instructions of UGC, to make entire admission process online to minimize the students' visits to the college in view of the situation arising out of the coronavirus pandemic, the admission branch of the college worked towards strengthening the process from August onwards. The verification of certificates and generation of fee challans was also completed online. Apply link was created on college website www.gcderbassi.ac.in and they were registered through Login Id/Application Number and Password and they were instructed to send scanned copies of their required

documents Fee challan was also sent to them at their email Id or their WhatsApp no. and they were given all information on how to submit their fee online.

Extra efforts done by the College due to Corona impact:

This year due to Corona going out at peak the college remained closed from March 2020 to July 2020. All the activities were being handled online. The colleges started from 1st August but the college academic activities had to be done online according to the SOPs issued by the Government of India . It was requirement of the time to keep students safe and to build an environment that’s inclusive of everyone. The faculty had to be adequately provided training to online teaching tools and platforms. The college opted for Google meet and the attendance of teaching Faculty was taken through Google forms. As per U.G.C instructions 25-40% of the syllabus was completed online. Challenges had been acute as the Wi-Fi speed needed updation. Video conferencing facilities had to be provided to teachers to which many of teachers were not accustomed to. Thus to provide exposure to Practicals and laboratory equipments, the students were provided online lessons. Under highly stressful conditions' teachers and students were returning to classrooms amid the pandemic although with all the precautionary measures to be adopted as per government rules. As the students belong to rural areas where Wi- Fi facility is not that Good and virtual education was not working for them, such students had to be accommodated to class room study for their difficulties . Teachers/ faculty however soon got adaptable to the resilient educational system during pandemic and tried their best to make remote learning effective and kept proper feedback about learning on part of students

Student’ strength of the session:

During the session 2020-21, 1449 students had been studying in the college, out of which 686 were boys and 763 were girls. A total of 905 students were in Arts Faculty, 414 boys and 491 girls. A total of 198 students were in the Faculty of Commerce. Out of which 70 were boys and 128 were girls and total 77 students were studying in science faculty out of which 42 were boys and 35 were girls. HEIS courses started by the college got full response. A total of 170 students were enrolled in B. Com.(Honours)

classes running under this scheme. Out of which 95 were boys and 75 were girls and in BCA total of 99 students got enrolled out of which 65 were boys and 34 were girls.

The college admissions were done through various admission committees as per the instructions of the Education Department and the University rules so that a total of 441 students of SC category got admission in the college out of which 205 were males and 236 females and under backward category. 199 males and 212 females got admission .

Conduct of College House exams and University Examination:

This year Planning of examinations also required appropriate measures because generic measures had to be followed to reduce the risk of COVID-19. The examination Branch of the College under the Registrar Associate Professor Savita Gupta along with her team Prof. Saloni, Dr. Prabhjot Kaur, Dr. Sumita Katoch, Prof. Avtar Singh, Prof. Ravinder Jit organized House examinations as well as University examinations of all classes in the college from time to time with the sincere cooperation of the entire staff following the rules of the affiliating University and the SOPs issued by the Government of India. Online exams , assignments and Practicals were held this year and discipline deployed and observance to distancing norms and other preventive measures at all times was ensured while collection of papers and conduct of the examination. A staggered manner was followed .so as to avoid overcrowding at the

college on any day. Thus, exams were held in a very peaceful environment. Special examinations were also organized to enable the students to fulfil the eligibility requirements of the universities.

Total number of teachers: -

The total number of teachers in the college during the session was 29. Among them 07 had been regular, 16 guest faculty teachers worked under PTA and 06 Guest faculty worked under HEIS.

Library service and other facilities: –

During the session 2020-21 the number of books available in library stood at 17646. A total of 10 newspapers and 10 magazines came in the library during the session. A book bank has been established in the college library owing to the efforts of Prof. Manohar Kaur, retd. Head of the Hindi Department. It has 547 books at present. 156 books pertaining to career guidance are there in the library. From the book bank, books are given to the poor and needy students of the college every year for the entire semester.

College Magazine:-

Vidya Pradeep magazine is published every year keeping in mind the literary interests of the students and to bring out the creative talent hidden in them. The college magazine for the year 2021-22 is ready to be published under the supervision of Associate Professor Navdeep Kahol, Editor-in-Chief.

Parents- Teachers Association (PTA):-

Parents of all students of the college and teachers are members of PTA and they contribute a lot financially to help the institute. Almost three to four meetings are held every year with constituted members. This association strives for the progress of students at the social, academic and cultural level throughout the academic session. Seventeen guest faculty teachers have been hired from PTA fund to teach different classes in the college.

Higher Education Institute Society (HEIS): -

Two Self-financing courses B. Com. (Honours) and B.C. A. are in India's unique festivals, being run under HEIS. 06 teachers working as guest faculty to teach the students of above courses and are paid through HEIS. Two computer labs are successively running under the establishment in which 30 computers have been installed and 05 laptops have also been provided to faculty through HEIS. A separate library is functional under HEIS and almost 1600 books have been kept to cater to the students' needs.

Old Student Association (OSA) or Alumni association: -

Old Student Association is quite active in the college and is continuously working for the welfare of the current students and the betterment of the entire institution. Many activities in the college are

supported by the old students. Rs. 2100/- Cash prize and trophy are given every year to the best student by this foundation.. A new election of this organization was held in the month of April in which Shri Ranjit Singh Reddy was elected as President.

Special Prizes for the Students:

In order to honor the winners and talented students and to encourage and felicitate them for their outstanding achievements in different spheres, special prizes are given away every year by College Administration, OSA, Vinod Paul Memorial Trust Dera-Bassi, Rotary Club Dera-Bassi, Past Students and various Social Service Organizations, Ex-Principals of the College, Professors and Ex-Professors or their families in various areas of the College.. Obituary:-

Head of English Department Prof. Ajinder Kaur and Head of Commerce Department Prof. Rakesh Garg ji is no more among us. In the year 2021, both personalities gave us eternal separation. The college is feeling an irreparable loss due to their untimely departure. The memory of the beautiful moments spent with them in college and their helpful nature will keep them alive in our hearts forever .

We hope to continue various departmental and other constructive activities in the near future also striving for the all-round development of the students

Students be given exposure to laboratory assignments/ practicals. Faculty should be adequately trained for the use of ICT and online teaching tools, so that they complete about 25% of the .. Develop virtual classroom and video conferencing facility and faculty and teaching staff was trained to use technology need to keep students safe and to build an environment that's inclusive of everyone. challenges may feel more acute this year as students

and teachers deal with the highly stressful challenge of returning to classrooms amid the pandemic or otherwise strive to make virtual education work.
