**Youth Dreamers Foundation (YDF) is a non-profit organization registered in Feb 2015 under Sec 8 (1) of the Companies Act, 2013.**

**With the mission that every child must have an equal opportunity to gain knowledge and skills regardless of socioeconomic condition, it aims to support 1 million underprivileged students to pursue higher education.**

YDF has initiated a PRIF scholarship program for needy and eligible students and graduates supported through an online platform, where disadvantaged students can fill up their online form for a scholarship to enhance their education. Therefore, it is considered that the PRIF scholarship will be granted to needy students first subject to eligibility and document verification. It may take 6 to 7 months to verify the information and documents of students. If any student is in acute financial distress, he/ she would be given the scholarship on a priority basis which may take 1 or 2 months. The verification process is given below.

### **PRIF Scholarship Process 2022-23**

#### **PROFILING (MASTER DATABASE SHEET)**

YDF Team will start data collection via Online google forms, Helpline Numbers and through school/college staff from Derabassi Block and shortlist eligible applications received from Primary focus villages.

#### **INTERVIEW**

In this round, the YDF team will share a questionnaire (telephonic discussion) with shortlisted applicants to check their socio-economic condition.

#### **VIDEO INTERVIEW/ HOME VISIT**

Video Interview of students who have filled the 2nd round of questionnaires to check if the information provided is correct. Also, to know about applicants' vision toward career and family participation in their education and analyze their need for a scholarship based on their responses.

#### **DOCUMENT VERIFICATION**

Document verification was immediately started once applicants filled questionnaire/application and were found eligible. Each eligible applicant was supposed to submit their Last Year's Marksheet, Aadhar Card, Income Proof, Caste Proof, Domicile Proof, Admission Proof, Bank Passbook, Passport Size Photo, and another special category certificate.

## **FINAL SHORTLISTING**

The final shortlisting of the scholars for the PRIF Scholarship was done based on their performance in interviews/ Home visits, the authenticity of documents, and information provided by them in first and second-round Google forms.

## **TERMS AND CONDITIONS**

As we are focusing on all Govt. Colleges, Govt. Schools and Private Schools/ Institutions in 22 villages of Derabassi, we might get a huge no of applications.

If it happens, it will depend on a first come first served basis or on the student's needs, eligibility, verification process, documents, truthfulness, criteria, and relaxation type.

## **NOTE**

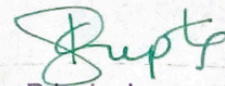

In case of huge numbers of applications, we will also help students to get leverage scholarships, for example, Dr. Ambedkar Scholarship and others run by Government.
